

ABHISHEK GORE

QA ENGINEER | ANALYST

#397 Sector 13, Chandigarh , +919779615434
iabhishekgore@gmail.com | abhishekgore.com | [Github](#)

SUMMARY

QA Engineer with hands-on experience in software testing, defect tracking, and process validation. Contributed to enterprise solution quality at Echelon Edge Pvt. Ltd., with proficiency in test case design, Jira, and system analysis. Brings a process-oriented mindset with added strengths in Python scripting and automation tools.

PROFESSIONAL EXPERIENCE

Solution Engineering Intern, EEPL Pvt. Ltd. Aug 2024 - Jan 2025

- Analyzed client requirements and created detailed technical proposals.
- Identified gaps and edge cases, contributing to solution quality validation.
- Assisted **QA** and **dev** teams in ensuring alignment between specs and product behavior.

PROJECTS

QA Manual Portfolio [\[Link\]](#)

- Designed and executed manual and automated test cases for API and UI workflows.
- Used **PyTest** for test case automation and pytest-html for reporting.
- Integrated GitHub Actions for CI-based test runs.
- Wrote reusable fixtures and parametrized test functions in PyTest.

API Testing with Postman [\[Link\]](#)

Tools: Python, Postman, Requests, JSON

- Performed **REST API** testing using requests, **Postman**, and Python automation.
- Verified response codes, headers, and payload data for multiple endpoints.
- Tested OpenWeather and Agify APIs with dynamic input validation.

CI Integration for QA Automation using GitHub Actions [\[Link\]](#)

Tools: GitHub Actions, PyTest, pytest-html

- Set up automated test execution pipelines triggered by code commits and pushes.
- Integrated pytest-html reports into CI workflow for structured result tracking.
- Practiced real-world continuous testing in version-controlled automation projects.

SKILLS & TECHNOLOGY

Manual Testing	PyTest	Jira -Bug Tracking
API Testing	Postman	CI/CD
Selenium WebDriver	GitHub Actions	Basic REST API

EDUCATION

Bachelor of Technology in Computer Science Engineering [7.7 CGPA] Sep 2021 - Jun 2025

Punjab Technical University

- Solid foundation in software development, algorithms, and system design with a growing focus on quality assurance and test automation.
